Download the App

Step 1: May the charge be with you! Install the EZ CHARGE App. Feel Charge-tastic, instantly.

Step 2: Vroom to the EV Adventure!

Enter your mobile number to receive an instant OTP via SMS.

Provide basic info and create a top-secret password to join the EV superheroes club.

Step 3: Superheroes, get your payment Superpower!

Power up your balance in the EZ CHARGE App Account or use Paytm wallet!

Find Your Charging Oasis- Unveil EZ CHARGE-points

Activate location access and let your EV navigate like a boss!

Discover the EZ CHARGE Points

Option 1: The App detects your location and shows nearby EZ CHARGE Points with colourful pins. Follow the trail.

Option 2: Use the search bar to find your preferred EZ CHARGE Point. Your charge, your choice !

Let's Decode the Electric Map Legend!

Green Pin: Available for public charging. Plug in and charge up, the station is yours!

Yellow Pin: Busy charging, but soon you'll join the EV party. Get ready to go electric.

White Pin: Restricted access for members with premises entry. For chosen EV explorers only!

Grey Pin: Taking a charging break, but it'll be back online soon. Be a little patient.

Numbers on Pins: More power, more charging options! Indicates the number of available connectors. Power up, choices galore! Stop at nothing.

Amp Up the Adventure! Ride to the Future.

Tap on the Green or White Pin to check compatibility and distance.

Let the electrifying journey begin! Your EV adventure awaits!

Navigate with a single tap on the button. Conquer the roads with flair, and embrace the sustainable ride ahead!

Charge like a pro with your EZ CHARGE Card!

Fast and Furious Activation

Confirm your EZ CHARGE Card number with a quick click. Ready to TAP. CHARGE. GO.

Receive an OTP instantly to unlock its potential. Let the charging magic begin. Choose the units for your charging session. More power, more miles!

Charge up for the adventure. Select your preferred payment mode. The power of choice is in your hands.

Add balance to your payment account and feel the energy surging!

Let the charging begin! Drumroll, please! **Your EZ CHARGE Card is now active and ready to rock the EV charging world!**

Tap. Charge. Go.

► **Step 1:** Unlock the charging port of your EV and let the charging session begin.

► **Step 2:** Say hello to the EZ CHARGE Point as you unplug the charging gun – time to charge up!

► **Step 3:** Before you plug in the charging gun, make sure your EV is compatible.

No sparks without a perfect match.

► **Step 4:** Plug in the charging gun and let the electrifying alliance begin.

► **Step 5:** Hold your breath, tap the EZ CHARGE Card at the RFID Card detector, and voila! Your EV is charging!

► **Step 6:** Watch as your EV gains strength, fuelled by the electric alliance between your card and the charging point.

► **Step 7:** Charging success. Witness the power of EV charging. When the pre-configured units are reached, the charging session stops – no worries, it's automatic. You can also stop charging manually in two cool ways.

Step 1. Get ready to charge with style by tapping your EZ CHARGE Card on the card reader at the EZ CHARGE Point!

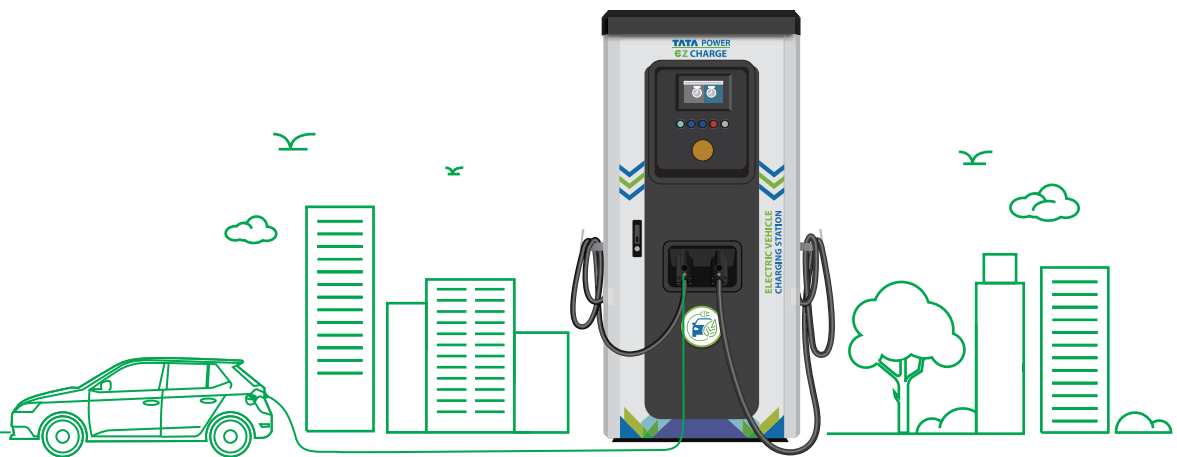

It's time to funk up your ride and electrify the streets!

Step 2 Tap the EZ CHARGE App and click on the 'Stop Charging' button! Flexibility is all up at your fingertips.

What's up next?

Unplug the Gun, make sure it is put back in its resting place properly & you are done!

Drive away with your fully charged EV. Conquer the roads with your electrifying style and sustainability.
